Substantial Improvement in Business Circles During the Week: Throughout the Country.

W. H. POPE, THE LOUISVILLE BANK TELLER, OVERTAKEN.

Captured by a Detective While On a Steamboat Headed for Canada—Other Crimes.

DULUTH, Minn., May 10.—W. H. Pope, the defaulting Louisville bank teller, was captured near here on a boat on his way to Canada by Detective Crawford, who represented some fidelity company which had signed Pope's bond. Crawford traced his man to Milwaukee, thence to this section, where he learned that he had taken the steamer Dixon for Canada. Crawford took the train for Two Harbors, Minn., intercepted the boat, and caught him. Shortly before the propeller Hiram A. Dixon of Booth's line left here Friday two gentlemen came to the dock and asked when the boat would leave for Port Arthur. Later they went to the cabin and asked to be assigned to a stateroom at once. The captain asked them if they had secured tickets. They said they would get them on the boat. Manager (Crawford) and several employees of the Booth company then sitting there but no one heard them say anything except once, when one gentleman said to the other: "Griff, give me this paper."

Shortly afterward the boat steamed out of the harbor and was soon out of sight. About an hour afterward a very much hurried man named Crawford went into the Booth office and asked when the boat left for Canada. He was told that it had just gone and no other would leave before Sunday.

At this intelligence he swore a little and was apparently quite angry. At length he told Mr. Coventry that his wife was dying in Port Arthur and that he wanted to see her alive. Coventry suggested that he try to get a special engine for Two Harbors and catch the boat there. This he did.

It now appears that this man was a fully employed officer of the law for the Fidelity and Casualty company of New York, which makes a special work of furnishing indemnity bonds. This company was on the bonds of Pope for a large sum. The detective has been following Pope, who travels under the name of J. B. Walker, and his companion, named Griffith, for several weeks, and almost caught them in Milwaukee. He traced them here and pinched the pair on the Dixon.

William H. Pope was teller of the Louisville City National bank and a trusted employee took \$50,000 of the bank's money March 2. His absence at the bank the next morning at first excited no suspicion, as it was supposed he was at his sick sister's bedside, or in the country detained by the flood. When no word was received at 10:30 o'clock President James S. Little, Vice-President James S. Leech, and Cashier W. S. Parker became suspicious. An examination was at once begun and the officials stated that he must have taken with him, in round numbers, the above-mentioned amount.

However, innocent as his employers may have been as to Mr. Pope's habits, it was known among "the boys," men about town, etc., that Pope had been going pretty fast for several years, though no well-defined suspicion had existed that he was doing crooked work. Pope is a native of Kentucky and 38 years old. He entered the bank in 1881 as a clerk and was rapidly promoted. He was thought to be "close." At a room on Jefferson street he frequently gave wine suppers to young men of his class and young women. He gambled and was known as a "sucker."

LEE WHITE IS CAPTURED.

The Outlaw Gets Drunk and Is Taken Into Custody.

LAMY, N. M., May 10.—Lee White and his pal, the two highwaymen who held up the station and train men at this place the morning of May 7, were brought in by Sheriff Chavez and San Pedro deputies this morning from San Pedro, near which place they were captured last night.

White and his men rode into Dolores, a mining camp seven miles south of the cerillos, got drunk and told publicly that they had robbed the people of Lamy of the money they were spending and the watches they were displaying. Sheriff Chavez, who was at Loscerillos at the time, was informed of this and with several deputies immediately started in pursuit. The robbers retreated to the Ortiz mountains, where they were surrounded and the two captured with but little resistance. White escaped and was found asleep and made a prisoner of the other, San Pedro. This effectively breaks up the most desperate gang of criminals the New Mexican authorities have had to deal with since the days of "Billy the Kid" and his party.

CREATED A RIOT.

Four Hospital Patients Suffering from Alcoholism Make Things Lively.

New York, May 10.—Four patients in the Jersey City hospital created a riot in that institution last night. The riot was all suffering from alcoholism, but were kept in the main ward of the hospital. They were first placed in strait-jackets, but they tore these to pieces, and the attendants had to take them to the beds. Two of the patients burst their bands and a general riot ensued. They grabbed up portable pieces of furniture and when the attendants attempted to quell the disturbance the prisoners flung missiles at them and tore around the ward like maniacs. They threw bedclothes out of the windows, upset the beds of some of the other patients, and for a time were in complete control of the institution. The attendants were compelled to send for assistance to subdue the infuriated men and restore order. This disturbance will hasten the contemplated building of a separate ward for patients suffering from alcoholism.

PAID THE PENALTY.

"Sandy" Jones, a Colored Assassin, Dies on the Gallows.

BIRMINGHAM, Ala., May 10.—"Sandy" Jones, colored, was hanged in the jail yard for the murder of Policeman John Manning at Bessemer two years ago. His case had been appealed to the supreme court and he expected a respite, but yesterday the decision of the lower court was affirmed and the execution took place without delay. Jones was hanged on the same gallows where Gilbert Lowe, Dick Hawes, and Ben Elsey were executed.

Jones made a confession of his crime before being executed. Joe Griffin has been convicted of the murder of William Garrett last September, and is punishment fixed at death. The judge has not yet fixed the date of the execution. This will make the fifth legal hanging in this county this year.

HE TRIED TO KILL MANY.

Sensational Scenes Created by a Frenzied Cook in a Restaurant.

NEW YORK, May 10.—Herman Ertel, a cook in a Broadway restaurant, created a wild panic this morning by running amuck down the street, brandishing a big knife and shrieking at the top of his voice. He had been suddenly attacked by religious maniacs, policemen pursued him several blocks, finally cornered him, and after a desperate encounter disarmed and arrested him. Luckily no one was injured by the frantic maniac.

Witnesses Dared Not Testify.

BROOKHAVEN, Miss., May 10.—The ten men arrested in Lawrence for beating the old negro, Joe Bass, and murdering his son were released on preliminary trial. The witnesses relied on to convict them were so terrorized as to be afraid to testify, and the prosecution fell to the ground. There is hardly any doubt of the guilt of the accused. A private letter states that the best citizens of the vicinity where the crime was committed are afraid to take active steps to bring the guilty parties to justice, for fear of assassination or having their property burned.

Three Burglars Break Jail.

CRAWFORDVILLE, Ind., May 10.—Last night Frank Kelly, Mathew Lyons and James Hamilton escaped from jail by drilling a hole into the lock with a case knife and throwing the tumblers. They were in for burglary. Frank Pleason of Baltimore, who was in on a similar charge, refused to go with them.

Shot His Wife and Himself.

OURAY, Colo., May 10.—John M. Winstead, a disolute fellow, whose wife had supported the family by keeping a restaurant, shot his wife dead because she had no money to give him for drink. He then committed suicide. The tragedy was witnessed by a 12-year-old son, who is left destitute.

BUSINESS LOOKING UP.

Substantial Improvement During the Week in General Trade.

NEW YORK, May 10.—Bradstreet's "State of Trade," published to-day says: Special telegrams report substantial gains in the improvement of general merchandise, notably at western and southern points. Exceptionally favorable reports come from the recently freed section of Louisiana, where the demand for goods is more than meeting the expectations and collections are improving. In the northwest higher prices for farm products have stimulated trade and made collections easier.

In some regions, however, frost affected a previously bright crop outlook, while in others rains have had an opposite influence. San Francisco reports that the signal-service wheat crop reports from California to Washington present too gloomy an aspect. On May 3 San Francisco resumed shipments of breadstuffs to Australia, a significant fact, sending to Sydney 15,248 casks of corn and 225 barrels of flour. The official report of the production of iron and steel in the United States for 1889, just published, is accompanied by the specific admission that the excessive productive pig-iron capacity is back of the existing weakness of the iron trade in prices of crude iron, a week ago as to increasing stocks of pig-iron.

The number of strikes during the first nine days of May exceeded all previous records for a similar period. They number 145, involving probably no fewer than 35,000 strikers. There were sixty-five strikes on May 1 alone. Thus far the strikers have made substantial gains. The carpenters' strike for a shorter day has practically succeeded, meeting at New York and Brooklyn hardly any opposition. In Illinois 15,000 coal miners have obtained an advance, and will resume work.

Exports of wheat (and flour as wheat) from both coasts this week equal 1,873,270 bushels, against 1,273,710 bushels in the like week a year ago and 2,747,048 bushels last week. The total shipped from July 1 to date is 22,235,385 bushels against 23,357,748 bushels in the like share of 1888-89. Stocks of available wheat, on both coasts are slightly in excess of the total held a year ago, but American, European and Asian stocks of wheat, as specially telegraphed to Bradstreet's, decreased 10,200,000 bushels during April, as compared with a decline of only 5,000,000 bushels in March last.

Dry goods are in fair demand from jobbers in the regular way. Cotton goods are strong in price with agents, and trend upward. Print cloth has advanced 1-8 cent. A large number of buyers have been attracted to New York by the flannel sales of May 9, 13, and 15. In all 25,000 pieces are advertised to be sold. Raw wool is firm in price, and American markets on steady but conservative buying by manufacturers and limited stocks. Raw cotton is slightly weaker.

The business failures reported number 152 in the United States this week, against 133 last week and 174 this week last year. The total number of failures in the United States from Jan. 1 to date is 4,290, against 4,570 in the like portion of 1889.

To Assist Archbishop Kendrick.

NEW YORK, May 10.—A telegram from Rome says that the propaganda about to give a coadjutor bishop to the venerable Archbishop Kendrick of St. Louis, Mo. The prolonged visit of Bishop Kendrick to Chicago is not without some reference to the proposal of naming him a coadjutor with the right of succession of Archbishop Kendrick and appointing his newly elected see, which is said not to have catholic community sufficient for the bishopric. If so the diocese of Cheyenne will become an apostolic vicariate.

Paid a Cent for Hammering a Count.

BOSTON, Mass., May 10.—One cent without cost was the size of the damage Count Zupoff was awarded from Professor C. B. Fry's, his cripple and lord. The count and the professor warred over a board bill, and the professor cracked the count's aristocratic shins with a cricket.

WHAT IS A COLD IN THE HEAD?

Medicinal authorities say it is due to uneven action of the body, rapid cooling, and a perspiration, &c. The important point is, that a cold in the head is an inflammation of the lining membrane of the nose, which, when unchecked, is certain to produce a cerebral condition, for catarrh is essentially a "cold" which nature is no longer able to "resolve" or throw off. Ely's Green Balm has proved its superiority, and sufferers should resort to it before that common ailment becomes seated and ends in obstinate catarrh.

LOCKED IN A FIRE TRAP

A Prairie Fire Scatters Eight Thousand Head of Cattle at Calgary, Northwest Territory.

NO WONDER THE CHENANGO PAUPERS WERE ROASTED.

State Commissioner Brown Makes a Bad Showing Against the County Board—Casualties.

ALBANY, May 10.—State Commissioner

in Lunacy Goodwin T. Brown has made a statement of the condition of the Chenango Asylum, which was burned early Thursday morning. Mr. Brown says that Dr. McDonald and he examined the asylum last November and found that it was a two-story and attic frame building separated from the pauper house by a 12-foot road. There was absolutely no protection against fire, and the means of escape were so meager that if the fire started in the asylum there would not be a chance of escape for a single inmate. There were in the asylum at that time forty-four patients—fourteen men and thirty women. At night they were locked in their cells with steel doors, a padlock being used in each of the small rooms, and all the people there were to take charge of these insane were the keeper, his wife, and a hired girl. There was no night watchman. The commission recommended some immediate changes and especially protection against fire. Three months passed and in March the keeper wrote to say that the board of supervisors did not deem it wise to expend any money, since the State care bill would probably pass. The only change that was made at the instance of the board was the appointment of another woman to aid in keeping the women patients.

LIVES LOST IN A TRAIN WRECK.

Three Men Known to Have Been Killed on the Burlington.

GALESBURG, Ill., May 10.—News was received here about midnight of a bad train wreck at Wyanet, a little town about forty miles northeast of here on the Chicago, Burlington & Quincy road. Very meager particulars only are obtainable. The accommodation train on the Chicago, Burlington & Quincy, known as No. 94, which runs between Aurora and Galva, left the track about midnight between Wyanet and Princeton. Three men are known thus far to have been killed. It is rumored that there are several badly and others slightly injured.

BIG FIRE AT GROVE CITY, PA.

Twenty-Five Business Houses and Dwellings Destroyed by the Flames.

GROVE CITY, Pa., May 10.—At 3 o'clock this morning fire of incendiary origin was discovered in Forest's barber shop on Main street. Before the fury of the flames could be checked all of the district between the Grove City Banking Company's building and the tracks of the Pittsburgh, Shenango & Lake Erie railway was swept clean. Upward of twenty-five business houses and dwellings were destroyed. The loss is estimated at \$30,000 to \$40,000, on which the insurance is small.

PRAIRIE FIRES.

The Blaze Scatters Eight Thousand Head of Cattle Over the Country.

CALGARY, N. W. T., May 10.—Prairie fires are raging in the Willow creek district near Alberta. The prairie is burned over about eighteen miles square north and south to Old Man's river. The fire caught the Oxley ranch outfit while they were crossing Willow creek with some 8,000 head of cattle, and scattered the cattle all over the country.

A SURPRISE PARTY.

Glenn Burdick is Surprised by a Number of Friends.

Last evening a number of young friends of Glenn Burdick, son of Mr. and Mrs. E. C. Burdick, perpetrated a very pleasant surprise on him at the home of his parents, No. 110 Pearl street. About twenty of his schoolmates formed at the home of one of their number and marched to the house in a body. Glenn was taken completely by surprise, but managed to recover sufficiently to entertain them in a right royal manner. It was at a late hour when the company broke up, and all will long remember the occasion.

THE PRESS COMMENTS.

On the Action of the Mayor and Common Council in Regard to Granting Licenses.

(From the Stoughton Hub.)

No saloon license are granted in Janesville except to those applying for the wholesale and retail permits, paying \$200 for each. So far only one license has been granted out of forty applications.

(From the Edgerton Reporter.)

The common council of Janesville have adopted a neat scheme for doubling up the license revenue this year. A resolution was passed requiring all applicants to take out both wholesale and retail licenses which costs \$400 instead of \$200 as heretofore.

(From the Rockford Gazette.)

The common council of Janesville decided Tuesday night to increase the saloon license from \$200 to \$400 per year. This seemed so atrocious to the saloonists that but one came up and took a license the next day, and there is likely to be a kick. Wonder what the wet goods dealers would think of the \$1,000 license which their Rockford brethren have to plunk down.

(From the Janesville Signal.)

At the meeting of the common council Monday evening it was decided to make the license \$400, no license to be granted to a person who has not resided in the city for one year preceding the date of application. Also that all applications for license shall include the sale at wholesale and retail. The voice of the majority of the council was certainly heard in the right, and this is surely the beginning of better things.

(From the Beloit Free Press.)

Mayor St. John, of Janesville:—I propose to stand by the four hundred dollar license fee, because I think I am right and doing my duty. I do not wish to wrong any man. You can say all the mean things about me and abuse me as much as you please and I will stand it, because I think I am doing what is right, and four-and-twenty saloon keepers walked right up to the captain's office the next day and plunked down their four hundred dollars. And all because it is the Mayor who grants license at Janesville as well as at Beloit.

(From the Janesville Recorder.)

A DELIGHTFUL SOCIAL.

Given at the Park Hotel Last Night by the Fortnightly Club.

Last evening the Fortnightly Club and a few invited friends were delightfully entertained by a party of the gentlemen members of the club at the Park hotel. These gentlemen, who realized the fact that previously the ladies had all the entertaining to attend to, decided to reciprocate in the shape of a dance and supper at the popular Park. They did so, with a vengeance. The large dining room was cleaned of tables and chairs, and dancing to the music of Tuckwood's orchestra was the amusement of the evening. An excellent supper was served, and when the participants dispersed they left the scene of so enjoyable an entertainment. The gentlemen who got the affair up were Messrs. I. N. Stewart, John Nagler, E. R. Imann, P. E. Frink and Fred L. Clemens.

The club will hold one more session this season.
